RACING COMMISSION

BREED DEVELOPMENT
PROGRAM PROPOSAL

Quarter Horse

*Approved by the Indiana Horse Racing
Commission on January 2008*

Changes

Mares

-  Mares will be required to be in the state and registered by November 1, 2008 and by July 1, 2009 and each year thereafter.
-  Mares arriving in the state or registered after this deadline will be required to be bred back to a registered Indiana stallion by live cover or artificial insemination.
-  Mares that fail to conceive on the breed back must remain open for that breeding season in order to make the mare's current foal eligible.
-  Mares requiring a breed back must remain in the state for a period of thirty (30) days from the foaling date and the mare and foal must be inspected prior to leaving the state.

Embryo Transfer

-  A new rule allowing embryo transfer will require the donor mare and the recipient mares to both be in the state by November 1, 2008 and by July 1, 2009 and each year thereafter.
-  The donor mare and the recipient mare are limited to register one (1) foal each per foaling year as an Indiana bred.
-  In the event there is more than one (1) recipient mare, only one (1) foal will be eligible to be registered as an Indiana bred.
-  It is the responsibility of the owner of the donor mare to choose and register the foals that are to be eligible to the program.
-  All foals resulting from an embryo transplant or from the donor mare that will be eligible must be micro chipped by a licensed Indiana veterinarian within thirty (30) days of foaling or before leaving the state whichever would be first. (this shall be done at the owner's expense)

Stallions

-  All stallions must be in the state and registered by February 1 of each year.
-  Stallion awards will now be paid for first, second and third places and the breakdown will be paid the same as owner and breeder awards.
